JESUS: Uninspired Word

A word of recent origin, Jesus is less than 500 years old.

The letter J was invented from the Greek letter IOTA.

It grew a curly tail in the 17th century when used as the first letter in a sentence, or the first letter of a proper noun.

The Latin Vulgate, and the 1st edition of the KJV used IESV to represent the Name, and had never known the true Name of **YAHUSHA**.

1 Corinthians 12:2 reminds us: **"You know that you were *guyim*,* led away to the dumb idols, even as you might be led."** ***idolaters**

By using BIBLE, the Word of Yahuah is being referred to by the actual name originating from a female idol of pleasure worshiped in Canaan & Egypt.

WHO IS "THE LORD GOD?"

Read your translations' **Preface**. It admits removing the Name of YAHUAH, and replacing it with a device; the English word **LORD**. Confute the *uninspired* words. The name GOD was adopted by Christianity as was BIBLE:

"GOD (god) Common Teutonic word for personal object of religious worship, formerly applicable to super-human beings of heathen myth; on conversion of Teutonic races to Christianity, term was applied to Supreme Being."

1945 Encyclopedia Americana

Exodus 23:13: **"And in all that I have said to you take heed. And make no mention of the names of other mighty ones, let it not be heard from your mouth."**

*Let's prove what we claim to believe.
Live by every word that proceeds
from the mouth of Yahuah.*

UNINSPIRED TRADITIONS & WORDS **BIBLE JESUS LORD GOD**

All the pillars, obelisks, and steeples come from the cup held by the **whore of Babel**. She has made all the nations drunk from the filth of her abominations. We are not to learn the ways of the nations. **"Do not make idols for yourselves, and do not set up a carved image or a pillar for yourselves, and do not place a stone image in your land, to bow down to it. For I am Yahuah your Alahim."** Lev. 26

Danial described the end of days, and Yahusha also spoke of him, and a time of the great distress of nations: **"And those who have insight shall shine like the brightness of space, and those who lead many to obedience like the stars forever and ever. But you, Danial, hide the words; seal the book until the time of the end. Many shall**

diligently search and knowledge shall increase." Danial 12:3-4 - *look at this:*

World History Encyclopedia: **"Byblos** was the ancient port city of Gebal (called *Byblos* by the Greeks) on the coast of the Mediterranean sea in what is today Lebanon. Pagan temples were located in coastal ports to exploit sexual tourism. Worship of the zodiac (host of heaven) in their services was sexual, and this produced an overflow of unwanted children. *Infanticide* was the sacrificing of the children we read about at Lev. 18. Today we hear teachers refer to the *Bible*, a word originating from one of these fertility deities. Byblos is the name for one coastal city. Because papyrus was one of the principal articles in its trade, the Greeks took the *name of the city* as their word for book - **biblos** – and from their word for

2 GREEK: BYBLIA = ROMAN: UENUS

books named our Bible - *ta biblia* - which means 'the books'."

The temple of Byblia gave the city its name, and also the book now referred to as the Bible. It is uninspired!

Another source says, "Both the city of Byblos in Phoenicia and the city Byblis in Egypt were named after the female deity Byblis (also called Byble or Biblis). This idol was the grand-daughter of Apollo, the Greek pagan sun-idol. **Byblia** was also a name for **Venus**, an astral goddess and a goddess of sensuality

among the ancient Greeks." When asked if the word **Bible** is a pagan word, organizations that use the word Bible in their name claim it is not a problem, but comes to us from the word for paper or parchment in the Greek language. In other words, "nothing here, move along." Bible is not a word used in the inspired text. The **inspired** text calls itself **KETHAB AMATH** at Danial 10:21. See an interlinear to fact check; these words mean *Writing of*

Truth in Hebrew.

We have grown far too trusting. Eusebius began translating the Greek into Latin in 391 CE. For the next 1200 years his *Latin Vulgaris (common)* was believed to be inspired. It was used by the Anglican Catholics to produce the King James Version.

SEAPORT CITIES offered easy access for wealthy traders to sell and buy all kinds of goods.

The pagan temples located in these ports exploited the rich travelers tourism with brothels. The fertility temples' reference, **worship services**, is still used commonly by gentile cultures. **Shrine prostitutes** brought great wealth to the cities through their shameful deeds. Paul warned his converts, who had once been in these worship services: "**And have no fellowship with the fruitless works of darkness, but rather expose them. For it is a shame even to speak of what is done by them in secret. But all things being exposed are manifested by the light, for whatever is manifested is light.**" - Ephesians 5:11-13

We must not learn the ways of the heathen (Dt. 18).

Infanticide was institutionalized to eradicate surplus babies the fertility rites produced.
